Let's kick things off with our fantastic student feedback!

Over the years, many students have expressed how impressed they were with Teach Me Sign's approach. We pride ourselves in our friendly and supportive teaching, which is why we are able to share some glowing reviews with you:

"I have enjoyed learning BSL and hope to continue in the future. Ahmed has been brilliant especially since there is a "language" barrier-me being Scottish and him English. He tried hard to communicate and helped me to understand the language difference, whilst being open to learning Scottish signs too! A great experience" Kim, BSL Level 2 online

"I have been really enjoying my course so far. Though at first I didn't know what to expect, I am happy with the self-learning modules followed by the one-to-one sessions in which I can then practice what I have learnt that week .I am enjoying each lesson more and more as time progresses and as I become more confident signing." Kanika BSL Level 1 online

"I would rate my experience with TMS as a 10/10. I honestly can't fault it. Ahmed is a very understanding and patient teacher and always takes an interest in your progress. TMS always stay in contact throughout the course and keep you informed. Any issues are always dealt with very quickly". Sharon BSL level 2 online

I would recommend Teach Me Sign to a friend particularly as the online learning is so convenient.” Juliette & Rebecca BSL Level 1 online

"I am absolutely loving the fun, innovative and simplistic approach by Ahmed and Teach Me Sign so I can learn and really understand what I thought was a complex language and 'hidden' world". – Joanne, British Sign Language level 1.

“Light hearted, learning is repeated which very helpful. Lots of positive reinforcement very interactive. The tutor's humour and encouragement is one of the best things about the course and being able to communicate in sign to my colleague at work as been one of the biggest rewards”. Jan, British Sign Language level 1.
